BRITISH MEDICAL BULLETIN Volume 68 2003

Impact of environmental pollution on health

Balancing risk

Scientific Editors: David J. Briggs, Michael Joffe, Paul Elliott

1 Environmental pollution and the global burden of disease
David Briggs

25 The impact of environmental pollution on congenital anomalies
Helen Dolk and Martine Vrijheid

47 Infertility and environmental pollutants
Michael Joffe

71 Contribution of environmental factors to cancer risk
Paolo Boffetta and Fredrik Nyberg

95 Air pollution and infection in respiratory illness
Anoop J Chauhan and Sebastian L Johnston

113 Evaluating evidence on environmental health risks
Lesley Rushton and Paul Elliott

129 Environmental effects and skin disease
JSC English, RS Dawe and J Ferguson

143 Ambient air pollution and health
Klea Katsouyanni

157 Electromagnetic radiation
Anders Ahlbom and Maria Feychting

167 Hazards of heavy metal contamination
Lars Järup

183 Health hazards and waste management
Lesley Rushton

199 Contaminants in drinking water
John Fawell and Mark J Nieuwenhuijsen

209 Indoor air pollution: a global health concern
Junfeng (Jim) Zhang and Kirk R Smith

227 Asthma: environmental and occupational factors
Paul Cullinan and Anthony Newman Taylor

243 Noise pollution: non-auditory effects on health
Stephen A Stansfeld and Mark P Matheson

259 Risks associated with ionizing radiation
MP Little
